

## 10. Sisu Diriya School Book Loan Programme

The **Sisu Diriya School Book Loan Programme**, launched in **2018**, was introduced to support the educational needs of members' children by enabling them to purchase school textbooks, stationery, and other essential school supplies at **concessionary prices**, without the need for an immediate lump-sum payment.

This initiative has helped ease the financial burden faced by parents at the beginning of each school year, making it more affordable for members to provide their children with the educational materials they require.

In response to the strong demand from the membership, the programme was successfully implemented **continuously for eight consecutive years up to 2025**, benefiting the children of members across the Society.
